WORCESTER meeting.

Some say, "the Fug. Sl. Law made more Abolitionists than all the lectures we have had for years." [So of the Repeal of the D. & C. Compromise. So of the Southern Secession, & the Firing on the National Flag, — Short sighted. "I have planted, Apollos Watered, but God gives the increase". For it increase we must wait the due order of time, as we wait for the harvest after putting in the seed. God We must prepare the ground; we must put in the seed. God does not promise to do this; he does not undertake to do it; he will not do it, — The Abolts have been preparing ground — have ploughed it, have harrowed it; — every kind of implement, & put in the seed.

Abolitionists Rejoice the School money. — Hardly profitable yet we, wretched Yankees, can understand the reasons for such a robbery of the children of a State. It takes "chivalric gentlemen" of the Slave States to do such things, and to justify them.

Article from N.Y. "Courier & Engineer" quoted in Stan^t May 18. 1st page. (in Art. fr. Independent). "Are Slaves property?" asks the C. & E. — Is it not much better, at such a time as this, y. t. such papers as the C. & E., sh^t ask this questⁿ, than that f. Abolit. sh^t? Will not y. overturning of Sl. be more likely to prevail, than if our papers (any of them) sh^t. Set up now y. cry of "Immediate Emancipation"? We seem to lack perception of the wisdom wh. now is profitable. We are not to expect y. world or y. country to come forward man-fashion, & say "The Abolitionists were clearly & completely right in their words & works for the last 30 years". Only a very few will say this. Many will think it, & not say it. But

great mass will neither think it, nor say it, nor care anything about it. Nor is it of any particular consequence, either to us or to the A.S. Cause, whether they do or not. Nevertheless, a great work goes on - by an infinite variety of agencies & operations; but it is the same great Spirit wh. works through all, & makes all His instruments. And whatever the course of events, to ^{the} who have been steadfast, true & faithful in their generation to the A.S. Gospel, know, that the little leaven, wh. they, in their day of small things, could but hide away as it were in the great mass of the Nation, has at length leavened it, where hump. For this we ought to thank God - we are thankful for it. It is not for us to prescribe or insist upon the special manifestation of this Spirit. Enough for us, if we have ~~done~~ ^{back} not kept the truth; and if our Conscience affirms us that we have been faithful to warn thy sinful land, and to beseech them to put away the corrupt thing, before the Righteous Providence of God sh. arise & sweep it away with a hand of blood, then we stand acquitted of guilt, altho' we may not escape our portion of the suffering wh. the Nation must endure, in expiation of its long & terrible transgression.

The dark thing to me is how these essentially two peoples can ever be made one!
